2 Why partner with Shepherds Breakfast

Partnership is designed to place purposeful organizations in front of people who are committed to serving and strengthening the Las Vegas community. Sponsorship and vendor participation provide an opportunity to contribute to the experience while developing new relationships with community leaders and attendees.

2.1 Sponsor engagement

DIGITAL PROMOTION Visibility through Shepherds Breakfast and The Wealthy Place Ministries platforms.	SPEAKING OPPORTUNITIES Opportunities to share the work and mission behind your organization.
BRAND VISIBILITY Exposure before, during, and after the breakfast gathering.	VIP CONNECTION Priority seating and opportunities for meaningful networking.

2.2 Vendor and media-sponsor opportunities

Vendors can request table space to introduce products and services, build business exposure, and form strategic partnerships. Organizations that want visual placement can submit approved video or digital content for review by the event team. Digital media should be prepared for on-screen display and clearly identify the submitting organization.

The strongest partnerships serve the room first. Tell us how your organization can contribute value, connection, or practical help to the people gathered around the table.
